

Advanced Hitting Program

Play Ball's AHP is designed for the athlete who's looking to take their game to a higher level. Our goal is to improve your mental toughness as well as your mental preparation for hitting. We also will improve your understanding of situational hitting as well as pitch recognition and adjusting to off-speed pitches. This will be accomplished through professional instruction and through various drills. This program is designed for players who have at least three years of playing experience, and also are looking to further their career at a much higher level.

The AHP will be run by former Boston Red Sox player Mike Chambers.
